“ I had the pleasure and privilege to work with Jodi at Stanley Knowles School. As a primary classroom teacher I had a lot of contact with Jodi. She was an incredible SLP and cared so much for the children. She was so very kind and always had a smile on her face when she'd walk through my classroom door. I will treasure you always in my heart, Jodi.

“ I worked with Jodi at Stanley Knowles School as well as at a few other schools in the Winnipeg School Division. Jodi was an incredible SLP, whose passion and commitment were seen by all. Jodi had a genuine kind and caring way about her. Her students adored her and it was obvious by the smiles on their faces when she would pick them up to work with them. I was truly blessed to know Jodi. She made an impact on so many lives, including mine.

My heartfelt sympathy to Jodi's parents and to her pride and joy, her children. The stories she shared with me told me how much she loved you all.

Miss you Jod.

“ It is with sadness and disbelief that I send my condolences to Jodi's family, especially her children. I worked with Jodi for many years at the Easy Street Rehabilitation Program at Misericordia Health Centre. Although she was part of our team, we only had her with us once a month, but that was enough to develop a relationship with her. We looked forward to her monthly visits and were grateful for her professional input as SLP for the clients we serviced. She was a lovely and gentle person who cared deeply for her family. I will keep Jodi and your family in my prayers. Memories Forever!

“ Jodi and I worked together at Stanley Knowles School. She was the best slp I ever worked with. Her knowledge about children with autism was next to none and I learned so much from her. I am heartbroken to hear of her passing and will never forget her. I will light a candle for her at church next Sunday.
